DATASHEET / BROCHURE

Project a big screen experience in the home or office. This affordable solution is easy-to-use, Full HD and also has Android TV³.

Creating the big screen experience at home is easy when you've got this Full HD projector, it's ideal for the office or classroom too. You can achieve an impressive 391 inch display and has Android TV³. It's simple to set up and includes 3,000 lumens of brightness for a clear and bright image. A long-lasting solution with the lamp life providing 18 years' worth of entertainment¹.

Bigger is better

Feel immersed in your favourite movies and games with this Full HD 1080p projector, that's capable of creating an impressive 391 inch display. Bringing the screen to life, 3LCD technology achieves a display that is up to three times brighter than competitor products².

Simple set up

We don't think a home projector should be any more complicated to use than a TV. That's why this projector is hassle-free and quick to set up with features such as keystone correction to help quickly position the image. Accessing your entertainment is easy too with the HDMI input for connecting games consoles and more. Best of all, these android projectors are super easy to use, letting you watch, play, and do everything you love, only bigger and better.

Long-lasting solution

Looking for a long-term, hassle-free and affordable solution for watching your favourite movies? With this model's long-lasting lamp light source, you'll be able to watch a film every day for 18 years¹.

High-quality, bright images

Even in bright rooms, this powerful yet affordable Full HD 1080p projector delivers exceptionally bright yet colourful images with clear details. It's all thanks to 3LCD technology, which produces an equally high White and Colour Light Output of 3,000 lumens.
